OLIVES

Spanish olives are flavorful, versatile, novel, sophisticated and nutritious. There is a longstanding history and tradition of olive production in Spain, which is now being combined with the most advanced technology available.

This guarantees the highest possible levels of food safety and quality. Furthermore, Spain is a world leader in the production and exportation of table olives, which demonstrates its expertise and ongoing adaptation to the tastes and needs of consumers worldwide. All of this, along with the enormous range of olives available on the market in Spain, make it a unique source beyond compare.

TRADITIONAL LINE

PITTED GREEN OLIVES

370 ml Glass Format **Daniela Brand**

A Timeless Classic: Adaptable and sophisticated, the Spanish Green Olive is a year-round favorite. This tried-and-true variety will forever be synonymous with the beautiful and robust elegance of Spain. It is flavorful enough to stand alone, yet adaptable enough to make any dish even more memorable. The flavor profile of this olive offers a bold, sharp, spicy flavor, and it possesses a silky, soft texture.

TRADITIONAL LINE

PITTED BLACK OLIVES

370 ml Glass Format
Daniela Brand

This darkly colored and popular table olive owes its special character to a unique cultivation. Harvested before it reaches full ripeness, it's treated to bring out its special flavor. To become black, they are plucked early and put through an accelerated ripening process in an alkaline solution. Once fully processed, the Ripe Black Olive is both mild and subdued and has a light, flexible flavor. Black olives are lighter than other snacks, yet big on taste.

GOURMET LINE

GARLIC STUFFED GREEN OLIVES

*300 ml Glass Format
Daniela Brand*

Garlic-stuffed olives seem like a sinful indulgence, but these tiny hors d'oeuvres offer surprising health benefits. Olives and garlic contain antioxidants, natural disease-fighting chemicals. Large, firm and buttery olives are hand stuffed with plump and savory cloves of garlic—these are truly a garlic lover's dream come true.

GOURMET LINE

GREEN OLIVES STUFFED WITH NATURAL RED PEPPER

*300 ml Glass Format
Daniela Brand*

Green Olives seem to reach culinary perfection when pitted and stuffed with natural pepper. Originating in 18th century Spain, olives stuffed with pimientos blend a nutty and brined flavor with the sweet flavor and crisp texture of red peppers. It's a true Mediterranean delight. These olives are commonly used for hors d'oeuvres and their balanced character work as well with sharp cheeses as they do with milder foods.

- Complete information about each oil.

SPANISH OILS

POMACE OIL

750/500 ml Amphora Format Santa Marta Brand

Olive Pomace Oil is the main cooking grade oil. It is a light oil with neutral taste and flavor. Olive pomace oil is obtained by treating the olive residue paste (after the fruit has been pressed) with solvents to extract the oil and then blending this product with extra virgin oil in order to enhance the product and its health benefits. It has a free acidity, expressed as oleic acid. Olive pomace oil is the least expensive olive oil.

SPANISH OILS

OLIVE OIL

750/500 ml Amphora Format Santa Marta Brand

Mild flavor, nutty taste and neutral aftertaste. Low acidity. Ideal for cooking, grilling and sauces. The benefits of olive oil: through its oleic acid, it helps to reduce the level of bad cholesterol and increase the level of good cholesterol, it has a high contribution of Vitamin A and E, which prevents arteriosclerosis, and helps to reduce blood pressure, thereby helping to prevent thrombosis.

Santa Marta

SPANISH OILS

EXTRA VIRGIN OLIVE OIL

500 ml Bordelesa Format Daniela Brand

Traditional Extra Olive oil with fresh aroma, fruity and slightly spicy finish with low acidity. Always coming from latest available crop.

Extra virgin is the highest quality olive oil classification. It has a flavor of fresh olives. It must be produced entirely by mechanical means without the use of any solvents, and under temperatures that will not degrade the oil.

The healthiest fat humans can consume.

QUALITY CERTIFICATIONS

All processes from the field to the end product, feature in the procedures and requirements established for the award of CCPAE, USDA, BIOSUISS. All these credentials enable Alimentias to meet the quality requirements of even the most demanding markets.
